

# ELI50-CPW

## Product Change Notification Form

PCN Number: 20260324-01	Rev: 2.0	Date: 03/24/2026
-------------------------	----------	------------------

**Summary of Change:** FDI has updated the ELI50-CPW PCB to incorporate the previous rework into the new PCB artwork and to move the Tag-Connect connector slightly away from the USB connector for more reliable volume production.

**Reason for Change:**

In a continuous effort to provide customers with the best ELI experience possible, FDI has made enhancements to the ELI50-CPW to support customers with 24VDC Input Voltage requirements.

**Detailed Description of Change:**

The new revision is 100% backwards compatible and there is no difference in functionality or specifications. Customers won't see any functional difference in the product other than the increased Input Voltage range up to 24VDC (+ or – 5% tolerance) which was originally released in Rev 1.2.

**Products Affected:**

Affected Product	Recommended Replacement Product
ELI50-CPW (Rev 1.2)	ELI101-IPHW (Rev 2.0)

**Availability of new revision stock at distributors:**

Distributors will continue to sell through their existing available stock before filling customers' orders with stock of the new revision of the product.

All future shipments from Future Designs, Inc. will contain this improvement.

**Forecasted Key Dates and Milestones:**

03/24/26 PCN Date. The date this document was released for distribution to customers and distributors.

05/24/26 Production Date for Recommended Replacement Product. The first date that production quantities of the replacement units will be available for customer order.
