

uEZGUI-1788-70WVT

Product Change Notification Form

PCN Number: 20131125-01	Rev: 5.0	Date: 11/25/2013
--------------------------------	-----------------	-------------------------

Summary of Change: Update Assembly and Printed Circuit Board (PCB) Nomenclature to show complete part number “uEZGUI-1788-70WVT-BA”.

Reason for Change: FDI has added the complete part number to the printed circuit board (PCB) silkscreen and backside copper layer to make it quicker and easier to identify an assembly. Even though each unit already carries a P/N label, this provides an extra level of clarity in case the label gets removed or comes off.

Detailed Description of Change:

On the PCB, in copper on the bottom side, change nomenclature to “uEZGUI-1788-70WVT-BA”.

On the PCB Silkscreen on the top side, change nomenclature to “uEZGUI-1788-70WVT-BA”.

On the schematic, change the nomenclature in the Title Block to “uEZGUI-1788-70WVT”.

Note: This is documentation and marking change only. There are no component or design changes in this revision.

Products Affected:

Effected Product (Rev 4.1)	Recommended Replacement Product (Rev 5.0)
uEZGUI-1788-70WVT	uEZGUI-1788-70WVT
uEZGUI-1788-70WVT-BA	uEZGUI-1788-70WVT-BA

Availability of new revision stock at distributors:

Distributors will continue to sell through their existing available stock before filling customers’ orders with stock of the new revision of the product. Form, Fit, and Function of rev 4.1 and 5.0 are the same.

Forecasted Key Dates and Milestones:

11/25/2013 PCN Date, the date this document was released for distribution to customers and distributors.
